Education

B.Tech CSE (AI/ML) 2023 – 2027
CGPA: 8.18

Skills

Product: Product Discovery, User Flows, Feature Design, Prototyping, Usability, Technical Feasibility, Developer Collaboration, Product Design
Design: Figma, Canva, UI/UX Design, Interaction Design, Visual Design, Design Systems, UI Libraries
Research: UX Research, User-System Interaction, Iterative Design, Design Reviews, User Feedback
Technical: Python, SQL, Flask, FastAPI, Git/GitHub, Docker

Projects

AbleCircle – ID Caregivers Community Platform 2026 — Case Study
Figma, UX Research, User Flows, Wireframing, Prototyping
- Led product discovery from **user research and problem identification through user flows, wireframes, high-fidelity interfaces and interactive prototypes**, translating caregiver needs into an accessible digital product

AntiSoch – Anti-Harassment Community Platform 2025 — Figma
Figma, UI/UX Design, Interaction Design, UX Research, Prototyping
- Designed differentiated **user journeys for children and adults**, translating their distinct needs into interaction flows and gamified safety-education experiences.

Simply Hemp – Startup Prototype 2024 — Figma
Figma, Web Design, UI/UX Design, Visual Design, Prototyping
- Developed a **high-fidelity interactive product prototype**, defining user flows, navigation and core experience; the startup concept placed among the Top 5 teams at Hult Prize Campus 2024.

Internships

ViniBrawns Healthcare Solutions *(Project Lead & SDE Intern)* Sep 2025 – Present
- Led product development, translating requirements into user flows and product features while **designing and implementing technical solutions** with consideration for user needs and technical feasibility.

USTART *(UI/UX Intern)* Jun 2025 – Jul 2025
- Worked in a **fast-paced, iterative environment** across multiple web & mobile initiatives, delivering **100+ high-fidelity, developer-ready wireframes & interactive prototypes**, incorporating feedback through design reviews and preparing polished designs for developer handoff.

Achievements & Leadership

- **Seed Grant Recipient (2026)** – Secured institutional funding to develop **AbleCircle**, supporting product research, design and development; its caregiving ecosystem is covered by a published patent application.
- **Social Media Lead, Youth Red Cross (2025 – 2026)** – Led a **10-member team**, coordinating content planning, visual communication and execution across multiple initiatives.
- **Hult Prize OnCampus 2024** – Secured **5th place** with the **Simply Hemp** startup concept.
