Education

B.Tech CSE (AI/ML) 2023 – 2027
CGPA: 8.18

Skills

Design: UI/UX Design, User Research, Competitive Analysis, Usability Testing, Wireframing, Prototyping, User Flows, Information Architecture, Interaction Design, Responsive Design, Design Systems
Design Tools: Figma, FigJam, Canva

Projects

AbleCircle – ID Caregivers Community Platform 2026 — Case Study
Skills: Figma, Canva, Web Design, App Design, Wireframing, UX Research

- Documented AbleCircle's startup journey through a UX case study covering research and ideation; surveyed **80+ parents and caregivers**, with **87.5% supporting the concept**, and gathered feedback from **5 NGO representatives** to identify user needs and validate platform features.
- Designed **70+ high-fidelity screens** across web and mobile in Figma, refining prototypes through **3 iterative design cycles** based on parent and NGO stakeholder feedback, improving navigation, accessibility, and resource discovery, with user satisfaction increasing from **53% to 87%** in usability evaluations.

AntiSoch – Anti-Harassment Community Platform 2025 — Figma
Skills: Figma, UI/UX Design, App Design, Prototyping, Canva, UX Research

- Conducted UX research with **100+ respondents, primarily students**, with **84% expressing interest** in the anti-harassment community platform; identified key safety concerns and awareness gaps to inform design decisions.
- Designed **35+ high-fidelity screens** in Figma, developing **2 distinct user journeys for children and adults** with age-appropriate safety education, gamified learning for children, and accessible support resources for adults; refined prototypes through **3 feedback-driven iterations** to improve usability.

Simply Hemp – Startup Prototype 2024 — Figma
Skills: Figma, Web Design, UI/UX Design, Visual Design, Prototyping, UX Research

- Designed a high-fidelity, interactive website prototype in Figma featuring **40+ screens**, intuitive navigation, and a cohesive visual identity; startup concept ranked among the **Top 5 teams at the Hult Prize Campus 2024**.

Internships

ViniBrawns Healthcare Solutions *(Project Lead & SDE Intern)* Sep 2025 – Present

- Lead cross-functional execution of a healthcare startup initiative, coordinating stakeholder feedback, product planning, and end-to-end development from ideation to implementation.

USTART *(UI/UX Intern)* Jun 2025 - Jul 2025

- Designed **100+ high-fidelity wireframes and prototypes** in Figma; developed **3 MVP iterations** informed by user interviews and founder reviews, conducted **5+ competitor analyses** and usability testing to refine user flows, validate design decisions, and improve interface usability.

Achievements & Responsibilities

- **Seed Grant Recipient (2026)** – Secured institutional funding to develop **AbleCircle**, with its caregiving ecosystem covered by a published patent application.
